In the first ever interview of its kind, AMERICAN FREE PRESS speaks with the police officer responsible for arresting the “Dancing Israelis” on September 11, 2001, who were caught filming and celebrating while the WTC burned and people died. Sgt. Scott DeCarlo reveals the details of that day, details the Zionist-controlled mainstream media conveniently overlooked. DeCarlo has promised that this is his first and last interview on the subject, in the hopes of quelling ongoing interest in his role that horrible day.

9-11: An Israeli operation from start to finish...

Published on Apr 7, 2013

Mark Dankof interviews Dr. Robert Sungenis in discussing what has been deemed by pro-Israel war-mongers as the 'crime of the century'. The material in the video is based on Sungenis' comprehensive review of Solving 9-11: The Deception that Changed the World. Read it here:

9/11: Israel's Grand Deception – Jonathan Azaziah

Published on Dec 4, 2012

If you're not a conspiracy theorist now, you will be, after this author presents his case

He names names, their positions, their deeds and all are verifiable!

Challenges are welcome! Don't be shy! If you have insight, bring it to the comments section and we'll look at what you have

We are seeking the truth, something which is becoming rare in America

The truth is the poison that will remove the dictatorship, expose the conspiracies and return us to Constitutional law, freedom, prosperity and an end to wars

The truth, is what must be spread and the people are the only ones who can do it

You can no longer count on the state-controlled media for the truth

They are traitors to the people! Congress is also no help! Many of them know about the facts and they do nothing! Each has his own reason and you will never be honestly represented by the Congress of traitors!

An honest Israeli Jew tells the Real Truth about Israel

Published on Dec 2, 2012

Miko Peled was born in Jerusalem into a famous and influential Israeli Zionist family. His father was a famous General in the Israeli Army, of which Miko also served his time. When Miko's niece was killed by Palestinian suicide bombers, you may have expected the family to put Palestinians at fault, but surprisingly they blamed the state of Israel, and their violent torturing and persecution for driving people to such sadness that they would take their own lives.

Through his father's deep knowledge of the Israeli war of terror, together with his own research, Miko Peled ruins the myths surrounding the Israel and Palestine situation, and delivers a truth so damning that many Jews and Israel supporters will not be able to bear it.

He reveals facts such as the original expelled Jews are not the ones returning, and they are not their descendants either, covers the double standards regarding the right of return, which doesn't apply to Palestinians, and dispels the myth that there has been a conflict for ages by producing proof that it was peaceful up until 1947 when Israel launched their illegal attacks.

Miko is just one of the many modern day Jews against Zionism and the state of Israel, and with the information he delivers in this astounding talk, it is not difficult to see why more and more Jews are rejecting Zionism and calling for the dismantling of Israel.

It is a true eye-opener for anyone who has for too long been blinded by the fake misinformation given by the mainstream media, and the truths come straight from the heartland where he has spent many years documenting the real story.

9/11: The Israeli Connection

Published on Mar 27, 2013

9/11: The Israeli Connection – Is it possible that U.S. investigators and the controlled media have ignored a preponderance of evidence pointing to Israel’s intelligence agency, the Mossad, being involved in the terror attacks of 9/11?

From the very morning aircraft smashed into the World Trade Center (WTC) and the Pentagon, news reports have indicated Israeli intelligence being involved in the events of 9/11 – and the planting of “false flags” to blame Arab terrorists and mold public opinion to support the pre-planned “war on terror.”

Watch the above short video and form your own opinion.

Talmud; “Even the best of Gentiles should all be killed”. The Torah commentary, the Zohar, states that when the messiah comes, all Gentiles on the Earth will be exterminated, and their souls then sent to hell.

Arthur Koestler recently admitted that he made the whole story about Ashkenazim not really being real Jews up, to divert attention away from Jews whilst the Ashkenazim could be seen doing naughty things. Ashkenazim really are real Jews, not Gentile proselytes, see David Duke’s site about what Arthur Koestler admitted.

4,000 Jews of all denominations stayed away from the WTC that day, according to the Jerusalem Post, and they were all individually identified by name and address by the Jerusalem Post to verify that fact, and they have never, even to this day, opened their mouths as to how they were able to know to

stay away that day, just like sayanim Mossad agents, but bear in mind that they must all have been requested to keep their mouths shut for Israel, so all were prepared at a moment's notice to act as sayanim anyway.

All the rest of the Jews anywhere could do just the same on any given day, at the drop of a hat, based on that, and you or anyone else could very easily be next to die, after all, their religion has us all earmarked for total extermination after a period of enslavement, which we are all going through now, without ever quite realizing it, under usurious fractional reserve banking and the mortgage system and other financial scams that keep us all working for only a tiny percentage of what we actually produce, with the 3rd world nations suffering the worst of the poverty and deprivation.

Note also that those 4,000 Jews who were told to stay away from the WTC on 9/11 at no time have ever informed on each other, or ever condemned any of the others as 'fake' Jews who are supposedly merely Gentile proselytes, acting against the true interests of 'real' or 'good' Jews. All that 'fake Jew' story is just for the consumption of the dummy Gentiles, who like to believe in the notion of 'good Jews', 'real Jews' and so forth.

Judaism states that all Jews must make Aliyah, or return to the 'holy' land to become spiritually and physically complete. Therefore Judasim and Zionism are one and the same thing. Anyone who says it isn't so cannot understand that properly.

The Jewish belief system is that the Jews ARE COLLECTIVELY GOD themselves, as it is an advaitist belief system, so they really don't need to wait for any external authority before taking Israel, and those Naturei Karta Jews who say it ain't so are just doing more of what Arthur Koestler did. See the genetic studies of Dr Karl Skorecki that completely blow the Mossad fake scientist Elhaik out of the water, regarding the true origins of the Ashkenazim.

It is part of the Jewish smokescreen to make out to the rest of us that they get their orders from some divine being above.

They are truth their own authority, and regard themselves each as a fragment of the soul of God, even in this life, and so view themselves as fully empowered and justified in taking any action that 'God' is stated to desire to do, taking for instance the 1950 cobalt nuclear bomb, which the Jewish inventor, Leo Szilard (who also invented the first atom bomb in 1933, patenting it in 1934), stated is capable of killing all life on Earth, with that weapon now being used to threaten all other nations on the entire planet from Israel under the Samson Option.

Jews did not have to ask any external God to devise a method to kill all the Gentiles before constructing it, they simply went right ahead and constructed it, in anticipation of the coming of their 'messiah', who many Jews believe will be the reincarnation of the Lubavitcher Rabbi Shneerson, whose members control many heads of state, including the US and Russia, where Putin has recently made Holocaust denial illegal. Russia is done, just like the US is now, as both are clearly dominated by global terrorist Jewish influence, and in any arranged future conflict, the Gentiles in both the US and Russia will be made to bomb each other out of existence to the satisfaction of the Jews, well, Jewish military officers will do the button pushing, and Gentiles will do the dying, and that is why Jews used the US and England to develop the bombs under their own scientists, then gave those weapons to Russia and Israel so that the US and England could then be 'threatened' with them in the fake cold war, to further justify the arms race to develop even more lethal weapons, so that then those weapons could be used alongside the Samson Option to burn off the surface of the Earth except for the Jews, whose breeding stock will be hiding in tunnels and underground cities, see the massive 7 mile a day nuclear powered tunnel boring machines on You Tube, they are for real. Yes, Jews did 9/11.

How else could the Jews get those weapons made to be used to exterminate all the Gentiles, and get to keep on developing them to become ever more lethal? The Jews are very crafty in having perpetuated the arms race, using their agents on both sides to do this.
